

# Career Research Project

---

You are going to find, research and present information on a career that interests you. You will have specific information you will have to find and include.

Use the following as a checklist:

- Name of the career
- Description
- Average Salary (Yearly)/Hourly Wage
- Post-Secondary Requirements (College? University? Trade school?)
  - Identify some schools that offer the program!
- Health Benefits (if you can find this)
- Skills Necessary
  - There will be many!
- Employment Outlook (Job availability for the future)
- Why does this career/job interest you?
  - At least one paragraph!
- Minimum of five sources

For your research, start with looking at 3-5 job postings online for this specific career and you should be able to find much of the information above.
